

# Edible Lungs

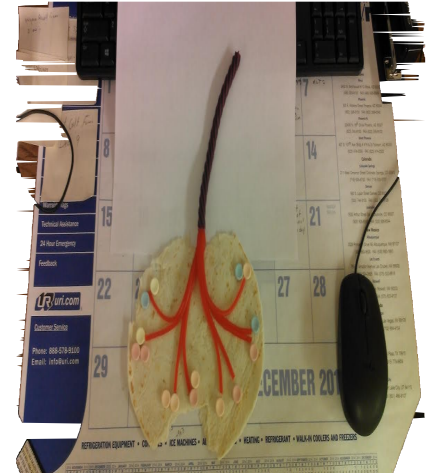

**Objective:** Create a model of the lungs using edible materials.

**Materials:**

- 1 red vines licorice
- 1 /2 Twizzler licorice
- 1 tortilla
- 1 pack Smarties

**Procedure:**

1. Wait patiently for your supplies
2. Once you have your supplies; cut or tear the tortilla to resemble a pair of lungs.
3. Use the licorice and smarties to create a trachea, bronchi, bronchioles and alveoli.
4. Answer the questions on a separate sheet of paper.
5. Tell a neighbor your answers and show them your lungs.
6. Enjoy your delicious edible lungs and throw away garbage

**REMEMBER!! THE PURPOSE OF THIS ACTIVITY IS TO LEARN THE PARTS OF THE LUNGS. GETTING TO EAT IT AFTER IS JUST A GREAT BENEFIT ☐**

## Edible Lungs Questions

1. List the parts of the edible lungs and what part of the lungs they represent.
2. What part of the respiratory system come before the trachea?
3. What do the alveoli do?
4. What are the rings on the trachea for?
